**M. J. Pullen : The Marriage Pact** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Marriage Pact:

0 of 0 people found the following review helpful. Since I loved both of those books and gave them five-star reviewsBy Read Yourself to SleepI read this series in an unconventional order. I received a free review copy of Regrets Only earlier in the year and started it before realizing it was part of a series. Before I had the chance to backtrack and read the book that started it all, I received a free copy of the third novel, Baggage Check. Since I loved both of those books and gave them five-star reviews, I was excited this past week when I finally sat down to read The Marriage Pact.To be honest, I was pretty disappointed. Marci has never been my favorite character of the three women, and I didn't care much for her within these pages either. She seemed a little immature and helpless, and it was difficult for me to believe she was thirty years old. I also had a hard time believing she and Jake were meant to be. So much of the book focused on her relationship with Doug, which while morally repugnant was at least interesting. I never really felt a connection between her and Jake.Even though I didn't really like this book, I'm glad it's around because it introduces us to Suzanne and Rebecca, both of whom have more interesting stories. If you read this book and are on the fence about continuing with the series, I would urge you to reconsider. Regrets Only is definitely on my top 10 favorite new reads of the year.1 of 1 people found the following review helpful. The Marriage PactBy Jane JonesThe Marriage Pact is an agreement made in a bar while drinking while in college. Marci is now turning thirty, the age when she agreed to marry Jake if they were both single. This is a pretty stupid idea to base a marriage on except they are best friends.Marci is involved with a married man, Doug in Texas when she turns thirty. That doesn't work out so Jake comes to Texas to help her move back to Georgia. Then the book returns to the not so great flashback of college for Marci and Jake and friends, which was way too long with far too many unnecessary details. Jake is basically a nice guy and he matures and grows with Marci into their relationship.Marci is immature so not a very likeable character, although she does mature toward the end of the book, which gave it some redemption and to provide a happy ending.0 of 0 people found the following review helpful. PromisesBy JanetI'm going with 3.5 stars on this first novel in what appears to be a series. M.J. Pullen offers readers a sweet story with a fun premise. Though the book starts out with an incident of infidelity, it soon moves into the main storyline, that of the promise made years ago between the primary characters - to marry if they hadn't found anyone else. I really appreciated the way Ms. Pullen managed to show her female lead's growth throughout the story, as I wasn't sure I could like her at first. So, there was a bit of time, at the beginning, where I was a little ambivalent towards the friends to lovers story. Once the heroine began to change, so did my attitude about her happily ever after. I settled in to enjoy the journey. I would definitely read more from M.J. Pullen, and it looks like the series will be successful.\*I received my copy through NetGalley.com in exchange for an

honest review.

This delightful debut by M. J. Pullen launches a charming series about a group of thirty-somethings in Atlanta making surprising discoveries about friendship, love, and happily-ever-after. Readers will laugh, cry, and fall completely in love.

One of InStyle's November Book Club Picks!"Entertaining...with a few laugh-out-loud moments, M.J. Pullen's novel is a very enjoyable read. Fans of Jane Green or Emily Giffin are sure to enjoy The Marriage Pact." ?Shelf Awareness"A charming cross between romance and chick lit...Pullen's characters are realistic, and the dialogue is funny, making this an excellent choice for fans of early Jane Green, Jennifer Weiner, and Emily Giffin." ?Booklist"This novel is chick lit to its core and makes for a light and easy read." ?Library Journal "M.J. Pullen brings clever quirkiness to romantic comedy!" ?Penny Reid, international bestselling author of Neanderthal Seeks Human "Funny, wise and painfully true. Make sure you clear your weekend before you pick up The Marriage Pact!" ?Chrissie Manby, author of Getting Over Mr. Right "All five stars for The Marriage Pact; a roller-coaster ride through love, friendship and self-discovery. Well done!" ?Valerie Joan Connors, author of In Her Keeping and Shadow of a Smile "A fun, frothy read with an artfully crafted main plot that draws the reader in and won't let go." ?Elle Filz, ChickLitWriters.com "There are times you laugh so hard at the antics between Jake and Marci, then there are times that you just have to sigh at the romance of it all....This story is a must read that will have you eagerly awaiting the next installment in the series!" ?Faerie Tale Books "Will keep you reading...in one sitting like I did. Well done!" ?Let's Get Booked! About the Author M.J. Pullen is from Kennesaw, Georgia, and studied English Literature at the University of Georgia in Athens. She also has Master's degrees in both Business and Professional Counseling. She lives in Roswell, Georgia with her husband and two sons. The Marriage Pact is M.J.'s first novel. There are two sequels: Regrets Only (2012) and Baggage Check (2013). She is always working on the next project!
